

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

OF PHILADELPHIA.

Diplomas of two kinds are awarded to the graduates of this institution, first to those who complete the full four years' course of study, and secondly to those who complete a partial course of at least two years. Since February, 1850, the degree of Bachelor of Arts has been conferred upon all graduates of the full course, and the degree of Master of Arts upon a select number of the same of not less than five years' standing. In the following Catalogue, *fc.* (Full Course) is appended to all who were graduated in the Full Course prior to February, 1850, and who have not yet received the degree of Master of Arts; *pc.* (Partial Course) is appended throughout to those who have been graduated in the Partial Course. An asterisk (*) means that a person is deceased: *Rev.* means Clergyman; *Atty.*, Attorney-at-Law; *Prof.*, a Professor in some institution entitled to confer academic degrees; *Prin.*, a Principal of a public grammar school; *Ph. G.*, a graduate of the College of Pharmacy; *C. E.*, a Civil Engineer; *Jour.*, a Journalist; *Auth.*, an Author; *Art.*, an Artist. *Bk. Prs.* means President, and *Bk. Of.*, other officer of a Bank or other Financial Institution. *R. R. Of.* means officer of a Railroad or Navigation Corporation. *W. P.* means a graduate or a student of the West Point Military Academy; *N. A.*, a graduate or a student of the Annapolis Naval Academy; *U. S. A.*, one who has been or who is in the United States Army; *U. S. N.*, one who has been or who is in the United States Navy. Included among those who have been or who are in the Army and Navy are the names of many who served during the War of the Rebellion. The other marks indicating Academic Degrees, Military and other titles will be readily understood without explanation. Public and official positions now or formerly held by Students, and other matters of interest, are mentioned in foot-notes.
